Crossroads Counseling is a unique approach to counseling, offering one-week and two-week intensive counseling (15-30 hours of individual counseling plus a one-hour daily cognitive group). Clients come to Buena Vista, Colorado, away from daily distractions of work, family and other stressors, to address root cause issues, not just symptom relief. Formational Prayer is a critical component of this approach. Referrals from Healing Care will be considered for reduced fees, depending on need. I also take local clients for week-to-week counseling.
